CAREER OBJECTIVE

Aspiring to work as a Full-Stack Developer where I can build scalable, user-focused web applications using MERN stack. Passionate about creating intuitive user interfaces, developing efficient backend systems, and integrating secure APIs, while applying strong problem-solving skills and a solid foundation in Data Structures and Algorithms. Looking to contribute to meaningful projects and grow through continuous learning and hands-on experience.

EDUCATION QUALIFICATION

- **Bachelor of Engineering-Information Science and Engineering**
CMR Institute of Technology, Bengaluru (Pursuing)
CGPA: 8.42, 2027
- **12th grade-Science**
Air Force School ASTE, Bengaluru
72.2%, 2022
- **10th grade**
Air Force School ASTE, Bengaluru
89.4%, 2020

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript
- **Operating System:** Windows, macOS
- **Web Technologies:** HTML, CSS, JavaScript, React, Node.js, MongoDB.
- **Softwares:** VS Code, Jupyter, GitHub, Tableau, Power BI.
- **Frameworks:** Vite, Express.js, Mongoose.
- **Core Subjects:** Data Structures & Algorithms, OOPs, DBMS, Operating Systems, CN.

PROJECTS

- **DailyPool – Carpooling Platform for Bengaluru Commuters**
 - Developed a full-stack carpooling web application enabling commuters to match and share daily rides based on overlapping travel routes, reducing individual commute costs and traffic congestion.
 - Engineered an AI-driven route matching system using Groq to pair drivers and passengers by analyzing path overlap and detour distance.
 - Built a real-time location tracking pipeline using Socket.io, streaming live driver coordinates to passengers during active rides for continuous trip visibility.
 - Implemented UPI deep-link payment splitting, generating pre-filled fare requests for one-tap settlement via GPay/PhonePe/Paytm.
 - **Tech Stack:** React.js (Vite), Tailwind CSS, Node.js, Express.js, MongoDB, Socket.io, Google Maps API, Groq AI.
- **Rate Limiter Microservice**
 - Designed a standalone, stateless rate-limiting microservice implementing Token Bucket and Sliding Window algorithms, deployed as a networked API other services call before processing requests
 - Eliminated race conditions under concurrent load by implementing atomic Lua scripts executed inside Redis, ensuring read-and-decrement operations remain uninterruptible

- Supported per-client and per-endpoint rate limit overrides with dynamic fallback configuration resolution
 - Load-tested the service at 500+ requests/sec using Artillery, achieving a 0% error rate and p99 latency of 5ms across 8,900 requests
 - **Tech Stack:** Node.js, Express.js, Redis, Lua, Socket.io, React (Vite), Artillery
 - **FIFAVal - ML Player Valuation Platform**
 - Built a full-stack analytics platform using 18,000+ FIFA player records to estimate and compare real-time market transfer values.
 - Trained a Gradient Boosting Regressor (99.17% R^2 , MAE ~€0.8M) and applied PCA to reduce 21 attributes to 13 components, retaining 95.8% variance.
 - Designed a hybrid RAG Scout AI assistant, parsing user queries with Pandas and generating dynamic prompts for Gemini API with a rule-engine fallback.
 - Built a Flask REST API + React client with Recharts-based analytics (radar charts, PCA plots, confusion matrices).
 - **Tech Stack:** React.js (Vite), Flask, Scikit-learn, Pandas, NumPy, SQLAlchemy (SQLite), Recharts, GSAP, Gemini API.
-

CO-CURRICULAR & EXTRA CURRICULAR ACTIVITIES

- **Online Courses & Certifications:**
 - Certified in “C Programming” from Udemy, September 2023
 - Certified in “The Web Developer Bootcamp” from Udemy, November 2024
 - Certified in “Python Programming” from Udemy, June 2024
 - **Hackathons**
 - Participated in ByteBattles 1.0, a DSA Hackathon organized by the Department of Training in collaboration with TrendyTech.
 - **Cultural Activities:**
 - Participated in and won numerous theatre events in college fests across Karnataka.
 - Participated as a member of the college cricket team in various inter-college tournaments across Karnataka.
 - **Leadership & Additional Responsibilities:**
 - Served as a class representative, acting as a liaison between students and faculty to address academic and administrative matters.
-

PERSONAL DETAILS

Date of Birth	: 8 th March 2006
Gender	: Male
Nationality	: Indian
Linguistic Competency	: English, Hindi.
Hobbies	: Strength Training, Playing Cricket, Watching Sports
